  - **Additives:** dyes or fragrances if necessary.

---

3. Possible dangers

- **Main hazard:** Risk of fire if handled improperly.
- **Danger from hot wax:** risk of burns if touched.
- **Health hazards:** None when used properly.
- **Environmental hazards:** Improper disposal may cause environmental pollution.

---

4. Safety instructions

4.1 General safety instructions

- **Be careful when using open fire!**
- **Use only in a stable, upright position.**
- **Keep away from flammable materials.**

4.2 Notes on use

1. Never leave grave candles burning unattended.
2. Keep out of reach of children and pets.
3. Place only on heat-resistant, non-flammable surfaces.
4. Do not use near flammable materials.
5. In case of strong wind or rain, extinguish the candle to avoid danger.

4.3 Notes for multiple candles

- Keep a distance of at least 10 cm between burning candles.

4.4 Further warnings

- Before lighting, shorten the wick to approx. 1 cm.
- Extinguish the candle before it has completely burned down (approx. 1 cm of remaining wax).
- Do not move hot, liquid wax.
- Do not leave any foreign objects such as matches or wick remnants in the liquid wax mass.
- If smoke develops or the flame becomes excessive, extinguish the candle and trim the wick.

---

5. First aid measures

- **If hot wax comes into contact with skin:** cool with cold water, do not remove wax, seek medical attention.
- **If smoke is inhaled:** provide fresh air; if symptoms persist, seek medical advice.
- **In case of burns:** cool immediately and seek medical attention.

---

6. Firefighting measures

- **Suitable extinguishing agents:** CO_2, foam, powder.
- **Unsuitable extinguishing media:** Water (for wax fires).
- **Special protective measures:** Provide fire extinguishers; do not extinguish burning candles with water.

---

7. Handling and storage

- **Handling:**
  - Handle candles carefully to avoid damage.
  - Do not tilt or shake the candle when it is burning or the wax is liquid.
- **Storage:**
  - Store in a cool, dry place.
  - Protect from direct sunlight and high temperatures.
  - Keep away from flammable materials.

---

8. Disposal instructions

- **Candle remains:** Dispose of in household waste unless special regulations apply.
- **Housing (glass or plastic):** Dispose of according to local recycling regulations.
- **Packaging materials:** Dispose of in accordance with local recycling regulations.

---
