1. Product and company identification

- **Product name:** Hanging flower basket made of seagrass, for hanging on a rope, H130cm
- **Manufacturer/Importer:** Kaemingk B.V.
- **Address:** NL 7122 MN Aalten , Broekstraat 13
- **Contact:** info@kaemingk.com

---

2. Description of the product

- **Intended use:** Hanging baskets for decorative planting and hanging indoors or outdoors.
- **Material composition:**
  - **Materials:** plastic, metal, ceramic, wood or combined materials.
  - **Accessories:** Hanging systems such as ropes, chains, hooks or brackets.

---

3. Possible dangers

- **Risk of falling and injury:** Improperly secured hanging baskets can fall and cause injuries.
- **Risk of mechanical injury:** Sharp edges on brackets or broken parts can cause cuts.
- **Material stress:** Excessive stress can lead to breakage or damage.
- **Environmental impact:** If disposed of improperly, plastic or metal parts can pollute the environment.

---

4. Safety instructions

4.1 General safety instructions

- **Keep away from children and pets, especially hanging systems with long ropes or chains.**
- **Handle sharp or pointed edges with care.**
- **Observe the maximum load to avoid material failure.**

4.2 Notes on use

1. Check hanging baskets for damage or wear before use.
2. Securely attach hanging systems to sturdy brackets or ceilings.
3. Do not overload with soil, plants or water.
4. Avoid contact with strong weather conditions unless specifically designed for this purpose.

4.3 Storage instructions

- Store in a dry and protected place to avoid material fatigue or corrosion.
- Protect hanging baskets and hanging systems from direct sunlight if they are made of plastic.

---

5. First aid measures

- **In case of cuts caused by sharp edges:** Clean and disinfect the wound and seek medical attention if necessary.
- **If skin irritation occurs due to material abrasion:** Clean thoroughly with soap and water.
- **In case of eye injury caused by falling objects:** Get medical advice immediately.

---

6. Firefighting measures

- **Suitable extinguishing agents:** CO_2, foam, powder.
- **Special measures:** Plastic parts can release toxic fumes in case of fire – wear respiratory protection.
- **Note:** Hanging baskets themselves are not flammable, but hanging systems can melt or burn.

---

7. Storage and transport

- **Storage:**
  - Stack hanging baskets safely and in a space-saving manner to avoid damage.
  - Protect metal or plastic parts from moisture to prevent corrosion or material fatigue.
- **Transport:**
  - Pack products securely to avoid breakage or scratches.
  - Keep ropes, chains or hooks separate to prevent tangling.

---

8. Disposal instructions

- **Material-dependent disposal:**
  - Metal parts: Recycling via metal waste.
  - Plastic parts: Dispose of according to local regulations.
  - Ceramics: residual waste.
  - Wooden components: Compostable or disposed of with residual waste.
- Recycle packaging materials according to local regulations.

---
