- **Environmental impact:** release of rust particles into soil or water.

---

4. Safety instructions

4.1 General safety instructions

- **Keep away from children and pets.**
- **Handle sharp or pointed edges with care.**
- **In case of contact with soil or plants, ensure that no harmful residues are formed.**

4.2 Notes on use

1. Use rust decoration only for its intended decorative purpose.
2. Avoid contact with sensitive surfaces as rust may stain.
3. Wear gloves to avoid injury from sharp edges or splinters.

4.3 Storage instructions

- Store in a dry place to avoid unwanted corrosion on adjacent surfaces.
- Rust is intended to form to enhance the decorative effect.
- Do not store in areas intended for food or drinking water.

---

5. First aid measures

- **In case of cuts:** Clean and disinfect the wound and seek medical attention if necessary.
- **If skin contact occurs:** Clean with soap and water to remove rust particles.
- **If particles are inhaled:** ensure fresh air supply and seek medical advice if symptoms occur.
- **If rust particles come into contact with eyes:** Rinse with clean water and seek medical advice.

---

6. Firefighting measures

- **Material is not flammable** , but accompanying materials such as paint or packaging can burn.
- **Suitable extinguishing agents:** CO_2, foam, powder.
- **Special measures:** Wear respiratory protection in case of heavy smoke.

---

7. Storage and transport

- **Storage:**
  - Store away from moisture to prevent unwanted corrosion on other surfaces.
  - It is intended that the rust decoration continues to rust in order to achieve the desired look.
- **Transport:**
  - Pack products securely to protect sharp edges and avoid damage.

---

8. Disposal instructions

- **Metal recycling:** Dispose of rust decorations via approved metal recycling centers.
- Recycle packaging materials according to local regulations.

---
