---

4. Safety instructions

4.1 General safety instructions

- **Keep away from children and pets, especially large or heavy planters.**
- **Handle sharp or damaged edges with care.**
- **Observe maximum load to avoid material failure.**

4.2 Notes on use

1. Check planters for cracks or damage before use.
2. When used outdoors, make sure that the planters are frost-resistant.
3. Do not place excessive strain on it or use it for other purposes.
4. Avoid direct contact with hard or sharp objects.

4.3 Storage instructions

- Store in a dry and protected place to avoid breakage or damage.
- Protect frost-sensitive ceramic products from low temperatures.

---

5. First aid measures

- **In case of cuts caused by sharp edges:** Clean and disinfect the wound and seek medical attention if necessary.
- **If skin irritation occurs due to material abrasion:** Clean thoroughly with soap and water.
- **In case of eye injury caused by falling objects:** Get medical advice immediately.

---

6. Firefighting measures

- **Material is not flammable** , but surface coatings or packaging may burn.
- **Suitable extinguishing agents:** CO_2, foam, powder.
- **Special measures:** Wear respiratory protection when paintwork is burning.

---

7. Storage and transport

- **Storage:**
  - Stack products safely to avoid breakage or damage.
  - Protect ceramics from strong temperature fluctuations.
- **Transport:**
  - Pack products securely to avoid breakage or scratches.

---

8. Disposal instructions

- **Material-dependent disposal:**
  - Ceramics: residual waste according to local regulations.
  - Coated ceramics: Disposal via residual waste.
- Recycle packaging materials according to local regulations.

---
